PREFACE.

In presenting these combinations of newspapers, we do not imagine they will meet the requirements of every advertiser, but a long experience convinces us they will satisfy the general demand.

We will cheerfully give advice and furnish estimates of cost of advertising in any newspapers which parties may contemplate using, whether the amount to be invested is small or large.

Our facilities have enabled us to secure many of the largest contracts ever given out, and, as an evidence of satisfactory performance, we invariably retain business with which we are once entrusted.

The details of the business of a first-class Advertisement Agency are now so well understood that it is not worth while to enter into a verbose explanation for the sake of making an imposing article; it is sufficient to say that our Newspaper Registry Department, Printing Office, etc., etc., are as complete in their arrangements as it is possible to make them.

We omit pictures of sections of our office and the building in which it is located, because such pictures are generally accepted as exaggerations.

In giving newspaper circulations we have used our best judgment, guided in many cases by a personal knowledge, and uninfluenced by outside considerations, as we have admitted no newspaper advertisements to this book.

Get our estimate before making any advertising contract, and the figures shall prove our advantage over competitors.

Our "Hints to Advertisers," which gives interesting details, and contains articles on "Advertising in General," "Schools," "Agents Wanted," "Patent Medicines," etc., will be sent free to applicants.

Respectfully,

DAUCHY & CO.

To those whose purpose may be accomplished by short advertisements or by transient advertisements, and to whom PROMPT INSERTION is important, we recommend our

POPULAR LOCAL LISTS,

WHICH WE OFFER AT

LESS THAN ONE-THIRD PUBLISHERS' RATES.

We are enabled to do this from the circumstance, *First*—That we contract with each paper for one, two, or three columns, or whatever space we wish; *Second*—That we contract for it BY THE YEAR, and so arrive at THE LOWEST POSSIBLE FIGURES FOR A BASIS; but *Third*, AND CHIEFLY, That we are largely interested in the MANUFACTURE OF PRINTERS' TYPE AND MATERIAL, with which we can usually pay publishers' bills. The profit made on the sale of goods is ample compensation for our labor and risk.

On this plan we offer **1,130 Newspapers,** embracing both Dailies and Weeklies, divided as follows:

Two Hundred Papers in New York State,

One Hundred and Fifty Papers in New England,

Two Hundred Papers in the Middle States,

One Hundred & Eighty Papers in the Southern States,

And a Double List of Four Hundred Papers in the Western States.

These lists include a majority of the best local papers throughout the country, and are by far the most complete lists in the market. In large towns where there are leading papers of opposite political parties, we aim to have the best papers of both sides, for their circulation is as entirely distinct as if they were five hundred miles apart.

NO CO-OPERATIVE NEWSPAPERS,

otherwise known as "Patent Insides" or "Outsides," (papers that print only HALF of their sheet at home) are admitted to these lists. Should any paper with which we have a contract, reach a point where it becomes necessary to print it on the "Patent" plan, it will be dropped and a better paper will be substituted.

Under our system there is no delay in inserting advertisements, as the price is fixed by contract with each paper, and advertisements usually appear in the next issue after they are received by the publisher.

We send printed "copy" to all the Eastern papers once in two weeks, and to the Southern and Western papers once in four weeks; time card giving the precise dates, furnished on application.

COMPLETE FILES OF ALL PAPERS

to which we send advertisements are kept at our office, and are at all times open to inspection. Patrons and all interested are invited to call and examine the Record Books, in which the insertion of every advertisement in each paper designated is faithfully and most accurately noted. The complete and prompt fulfillment of every engagement can be instantly verified.

We suggest to advertisers that it is to their interest to INSIST UPON SEEING ALL PAPERS for which Agents render bills. Unscrupulous Agents are the enemy of the advertiser, as well as of the Agent who counts the cost of PERFORMING his contracts.

RATES FOR THE LOCAL LISTS.

The following rates are for Four Weeks Advertising in either the New York State, New England, Middle or Southern States List; the Great Western List having double the number of papers of any other list, is double in price.

4 Lines every issue daily and weekly	$60.00
5 Lines every issue daily and weekly	71.25
6 Lines every issue daily and weekly	82.50
7 Lines every issue daily and weekly	93.75
8 Lines every issue daily and weekly	105.00
9 Lines every issue daily and weekly	116.25
10 Lines every issue daily and weekly	127.50
11 Lines every issue daily and weekly	138.75
12 Lines every issue daily and weekly	150.00
13 Lines every issue daily and weekly	161.00
14 Lines every issue daily and weekly	172.00
15 Lines every issue daily and weekly	183.00
16 Lines every issue daily and weekly	194.00
17 Lines every issue daily and weekly	205.00
18 Lines every issue daily and weekly	216.00
19 Lines every issue daily and weekly	227.00
20 Lines every issue daily and weekly	238.00
25 Lines every issue daily and weekly	290.50
30 Lines every issue daily and weekly	343.00

And Ten Dollars for each additional line.

We call attention to the fact that we charge only for space actually occupied by an Advertisement.

Prices will be given upon application, for papers selected from the lists.

DISCOUNTS

from the above rates, and from the rates given for Single States are graduated according to the amount of the order.

Four weeks advertising constitutes one month; eight weeks, two months; and twelve weeks, three months.

Changes will necessarily occur from time to time, among so many papers, but the full number will surely be maintained, and the character of the lists will, at least, be kept up to the present standard.

SPECIAL OFFER.

We will insert an advertisement occupying the space of **one inch** for **four weeks,** in our entire **Popular Local Lists of 1,130 Daily and Weekly Newspapers** (pages 9 to 31)

For - - - - - - - $600.00
For 12 Weeks, - - - $1,620.00

These lists have a **monthly** circulation of **over nine million copies,** and at Publishers' rates, which we give opposite each paper, the cost of one inch for four weeks would be **$3,163.63,** or **more than five times our price** for the same thing.

To parties who do not care to cover the entire country, we make the following offers:

We will insert an advertisement occupying the space of **one inch,** for **four weeks,** in our **New York, New England,** and **Middle States Lists,** comprising **550 select Local Daily and Weekly Newspapers,** (pages 9 to 18)

For - - - - - - - $300.00
For 12 Weeks, - - - - $850.00

We will insert an advertisement occupying the space of **one inch,** for **four weeks,** in our **Southern, and Great Western Lists** comprising **580 select Local Daily and Weekly Newspapers,** (pages 19 to 31)

For - - - - - - - $300.00
For 12 Weeks, - - - - $850.00

Advertisers will please bear in mind that these lists constitute the **Largest Combination** of strictly **Local Home-print Newspapers** in the country. They must not be confused with the "Patent Insides" or "Outsides" published on the so-called "Co-operative" plan. All publications of this class are rigidly excluded from our lists, as they cannot be regarded as legitimate Newspapers.

DAUCHY & CO'S

SUBURBAN LIST.

A

A large proportion of the trade of our most successful retail merchants comes from the surrounding country, which, within a radius of a hundred miles from New York, embraces a population of more than two millions.

This suburban trade is influenced by attractive and repeated announcements in the local papers, and several New York Houses have, by these means, firmly established their name and reputation in the surrounding country.

To meet the requirements of those who may wish to secure a share of country patronage, we have selected a

SUBURBAN LIST

OF

100 Daily and Weekly Newspapers, (19 Dailies and 81 Weeklies) published within shopping distance of New York City, and having an aggregate circulation of

1,114,900 COPIES PER MONTH.

We have yearly contracts with these papers, made under the most favorable arrangement, thus enabling us to reduce the cost of advertising space to the lowest attainable figures.

There is also a large business done in filling orders by mail, which is not limited by distance, as goods that are not staple may be ordered from sample and paid for on delivery. The great variety and low prices which city dealers can offer will attract trade wherever the facts are known.

SPECIAL OFFER

FOR OUR SUBURBAN LIST, A.

Comprising **100 Daily and Weekly Newspapers** (pages 32 and 33).

We will insert in all the papers of the above List an Advertisement occupying the space of

DAUCHY & CO'S

LIST OF DAILIES AND THEIR WEEKLIES.

160 Papers: Aggregate Circulation 4,153,000

Copies per month

These papers are the cream of the foregoing local lists. The Dailies circulate in the Cities, and the Weeklies which they publish circulate in the surrounding country. They are strictly local papers, not having a widely scattered patronage, but concentrating their influence within a definite territory, thus enabling the advertiser to direct his announcements with precision.

There are many lines of business which cannot be profitably advertised throughout the country at large, for which this list is particularly adapted. We are enabled (as explained heretofore) to offer very low rates on these papers—much below their regular rates.

SPECIAL OFFER.

FOR

THIS SELECTED LIST.

We will insert in each of the following **Daily and Weekly Newspapers**, an advertisement occupying the space of **One Inch, Four Weeks for $200 00; same space, twelve weeks for $500 00.**
